Cabina acustica INBOX – un loc de munca prietenos si inteligent

Un birou zgomotos nu este propice pentru mentinerea concentrarii si productivitatii. Conversatiile, apelurile telefonice si zgomotul tastaturilor devin rapid obositoare din punct de vedere mental si ingreuneaza munca. Cabina acustica INBOX pentru o singura persoana creeaza o zona de liniste care va izoleaza de agitatie biroului si ofera conditiile ideale pentru conversatii private si sarcini individuale. Este un echipament practic pentru birourile moderne, spatiile de coworking, bibliotecile, salile de asteptare si spatiile comerciale.

Caracteristici principale ale cabinei izolate fonic:

- Izolare fonica eficienta (coeficient NIC de pana la 30 dB)
- Usa din sticla transparenta laminata (3+3 mm)
- Iluminare LED interna si lampa suplimentara
- Priza electrica (230 V) si porturi de incarcare USB/USB-C
- Masa plianta si scaun confortabil
- Materiale usor de curatat
- Cadru sigur si robust din aluminiu de calitate aeronautica
- Panouri izolatoare fonice din compozit de carbon
- Ventilatie reglabila – pana la 15 schimburi de aer pe ora

Asamblare in mai putin de 1 ora

Cabina izolata fonic – liniste care functioneaza cu adevarat

Cabina acustica izoleaza zgomotul cu o eficienta confirmata de un coeficient NIC de pana la 30 dB. Zgomotul din birou si sunetele echipamentelor sunt practic inaudibile. Acest lucru va permite sa purtati conversatii confidentiale si videoconferinte fara sa va faceti griji ca cineva ar putea sa va asculte sau sa va distraga atentia. Reducerea eficienta a zgomotului favorizeaza concentrarea, reduce nivelul de stres si imbunatateste starea de bine a angajatilor.

Cabina acustica contribuie la crearea imaginii unui angajator constient, care se preocupa sincer de bunastarea echipei sale. Solutii sigure si durabile in cabina acustica

Cadrul cabinei este fabricat din aluminiu aeronautic usor si durabil, care garanteaza stabilitate si rezistenta la deteriorare. In cabina INBOX au fost utilizate numai materiale sigure pentru utilizatori si mediu. Compozitul de carbon izolator fonic si tesatura certificata OEKO-TEX, usor de curatat, reprezinta o combinatie fiabila de functionalitate si design elegant.

Cabina acustica va pastra cu usurinta igiena si aspectul estetic placut chiar si dupa ani de utilizare zilnica.

Sticla transparenta – intimitate fara compromisuri sau opresiune

Usa cabinei, care poate fi incuiata, este realizata din sticla laminata cu doua straturi (3 + 3 mm) si ofera nivelul potrivit de discretie in timpul conversatiilor importante, protejandu-va de agitatie din jur. In acelasi timp, permite patrunderea luminii naturale, eliminand senzatia de izolare excesiva sau claustrofobie. Solutia transparenta usureaza vizual structura si imbunatateste utilizarea spatiului comun – disponibilitatea cabinei este imediat vizibila.

Cabina acustica ergonomica – un mini-birou autonom

Cabina acustica a fost proiectata pentru un confort maxim. Un maner ergonomic ofera acces usor la interior, iar echipamentul interior complet va permite sa lucrati fara intrerupere. O masa pliabila fixata pe perete si un scaun moale asigura confortul chiar si in timpul intalnirilor lungi. Iluminarea LED incorporata si o lampa suplimentara creeaza conditiile potrivite pentru citit si lucru la laptop fara a va obosi ochii. O priza de 230 V si porturi USB si USB-C va permit sa va incarcati dispozitivele fara a parasii cabina.

Ventilatie eficienta – confort pentru mai mult timp

Sistemul de ventilatie incorporat cu optiune de reglare asigura un flux de aer proaspat (15 schimburi de aer pe ora), astfel incat sa puteti ramane in cabina pentru o lunga perioada de timp fara sa va simtiti sufocati sau obositi. Circulatia adecvata asigura conditii de utilizare placute si sanatoase, sporind productivitatea si satisfactia

angajatilor. Ventilatoarele functioneaza silentios si nu interfereaza cu sarcinile sau intalnirile. Optimizati spatiul si costurile cu o cabina telefonica pentru biroul dvs. Cabina acustica INBOX nu necesita renovare, interventii de instalare sau intreruperea activitatii biroului. Instalarea dureaza pana la o ora si poate fi realizata fara unelte specializate, ceea ce reduce semnificativ costurile de implementare. Datorita rotilor sale, cabina este mobila si poate fi mutata cu usurinta intr-o alta locatie fara a fi nevoie de demontare atunci cand nevoile echipei sau amenajarea spatiului se schimba. Este un echipament flexibil si economic, care creste odata cu compania dumneavoastra.
