Descriere

Cizme PVC Devil Black — Exena

S5 SRC protective boots with metal knob and stainless steel metal perforation, made from an innovative blend of high quality PVC and 8% nitrile rubber. Thanks to this blend, NITRO boots are lighter, more flexible and more resistant than traditional PVC boots. The polyester lining provides very good thermal insulation and interior comfort. The sole is injected, from a mixture of high quality PVC and 8% nitrile rubber, resistant to oils, hydrocarbons, animal fats, detergents and chemicals. Thanks to the Mondopoint 12 insole the boots provide comfort even for people with special needs.

Specificații indicate de furnizor
