Combinatia dintre forma minimalista si structura Sparkling Brilliance™, care straluceste in lumina, creeaza un efect uimitor care se potriveste perfect in interioarele moderne, glamour, industriale sau eclectice. Dulapul VITO cu rafturi este spatios, cu doua rafturi reglabile in interior, care va permit sa personalizati interiorul in functie de nevoile dvs. individuale. Efectul stralucitor al unui milion de stele Secretul aspectului fascinant al raftului VITO rezida in vopseaua speciala Sparkling Brilliance™, intr-o nuanta extrem de moderna de verde sticlacolour. Cand lumina cade pe mobilier, suprafata straluceste ca si cum ar ascunde o intreaga galaxie de stele. Indiferent unde asezati raftul VITO, caracterul sau decorativ unic va atrage intotdeauna atentia oaspetilor dvs. Frumuseti care nu se estompeaza niciodata Raftul VITO nu inceteaza sa impresioneze prin aspectul sau, deoarece este fabricat din otel durabil cu grosimea de 0,6 mm. In plus, vopseaua Sparkling Brilliance™ nu numai ca imbunatateste efectul vizual, ci si durabilitatea mobilierului. Suprafata este foarte rezistenta la deteriorari mecanice si zgarieturi. Raftul VITO este o investitie solida in frumuseti, care va dura multi ani. Fara trantit Bataia usilor a fost complet eliminata in dulapurile VITO cu rafturi datorita tampoanelor speciale din silicon. Datorita acestora, usile nu se opresc direct pe structura metalica. Solutii bine gandite In interiorul usilor dulapului cu rafturi VITO, veti gasi magneti care impiedica deschiderea accidentala sau spontana. Aceasta solutie asigura, de asemenea, ca usile se potrivesc intotdeauna perfect cu structura. Rafturi reglabile Interiorul raftului VITO poate fi adaptat nevoilor dumneavoastra. Puteti depozita cu usurinta vase inalte sau albume mari datorita inaltimii reglabile a rafturilor (reglabile in trepte de 25 mm). Sistemul robust de montare garanteaza stabilitate completa si o capacitate de incarcare de pana la 40 kg. Nivelare usoara In partea inferioara a picioarelor raftului VITO se afla picioare reglabile. Datorita acestora, puteti nivela mobilierul in cateva momente pentru a elimina balansul pe podelele inegale. Intervalul de reglare este de 3 cm. Usor de intretinut Un mare avantaj al dulapului cu rafturi VITO este ca este usor de mentinut in stare impecabila si nu necesita impregnare. O carpa umeda este suficienta pentru a indeparta murdaria. Daca este necesar, se poate utiliza un agent de curatare usor. Robust si stabil Daca doriti stabilitate exceptionala si siguranta maxima, puteti fixa raftul VITO de perete. Designul are un orificiu special si accesorii pentru a facilita aceasta sarcina.
