style=WKJJB19]{border-style:none} }Dulap metalic de depozitare – ordine si stil la locul de munca Un loc de munca dezorganizat inseamna pierdere de timp si sursa de frustrari zilnice. Dulapul de depozitare DAWID, in culorile antracit si alb, cu incuietoare, va permite sa stapaniti acest haos – uneltele, accesoriile, imbracamintea de lucru si documentele au locul lor stabil si sunt intotdeauna la indemana. Drept urmare, aveti un spatiu care nu numai ca functioneaza eficient, dar si arata bine. Este un mobilier ideal pentru birou, cabinet, atelier sau depozit. Caracteristicile principale ale dulapului metalic cu usa: Constructie robusta din otel de 0,6 mm Trei zone de depozitare practice 1 raft superior lung + 3 rafturi laterale + compartiment inferior Capacitate de incarcare a fiecarui raft de pana la 50 kg Bara pentru haine montata Se inchide cu cheie si este conforma cu RGPD Certificat PZH care confirma siguranta pentru sanatate si mediu Posibilitate de montare pe perete Dulap metalic pentru birou si atelier – se potriveste oriunde Finisajul bicolor in antracit si alb confera dulapului DAWID un caracter modern, care se integreaza cu usurinta in diverse amenajari interioare. Dimensiunile universale fac ca acest mobilier sa ocupe un spatiu minim, oferind in acelasi timp o functionalitate maxima. Chiar si in incaperile inguste, nu impiedica miscarea libera. Dulapul se va potrivi la fel de bine intr-un birou modern, la receptie, in vestiar, precum si intr-un atelier profesional. Trei zone de depozitare in dulapul multifunctional Interiorul dulapului DAWID a fost impartit in trei zone functionale. Sectiunea laterala cu trei rafturi si un compartiment inferior este destinata uneltelor, produselor de curatenie, dosarelor sau accesoriilor. In compartimentul principal a fost montata o bara, datorita careia hainele sunt agatate separat si protejate impotriva murdariei. Raftul superior lung va servi pentru echipamente mai mari, materiale de rezerva si tot ceea ce nu ai nevoie in fiecare zi. Dulap metalic – siguranta pe primul loc Dulapul DAWID isi pastreaza stabilitatea chiar si la incarcare maxima si nu se clatina. Orificiile de montare din spate permit fixarea mobilierului de perete, ceea ce elimina complet riscul de rasturnare. Acest lucru este important mai ales in locurile in care se afla multe persoane. Structura din otel cu durabilitate ridicata Corpul dulapului este realizat din otel cu grosimea de 0,6 mm, vopsit cu pulbere. Suprafata este rezistenta la zgarieturi, umiditate si coroziune, iar fiecare raft poate suporta pana la 50 kg. Siguranta mobilierului pentru sanatate si mediu este confirmata de certificatul PZH. Dulap cu inchidere cu cheie – conformitate cu RGPD Incuietoarea solida cu trei puncte de blocare din usa dulapului impiedica accesul persoanelor neautorizate. Solutia indeplineste cerintele GDPR, datorita careia dulapul DAWID este locul potrivit pentru documente cu date personale si echipamente valoroase, care pot fi depozitate fara temeri legate de confidentialitate sau furt.
