Dimensiunile sale compacte, constructia atent proiectata si impartirea practica a interiorului permit organizarea optima a spatiului. Banca integrata creste confortul de utilizare si faciliteaza schimbarea hainelor. De aceea, dulapul vestiar cu banca si copertina KACPER II PRO este ideal pentru vestiarele de la locul de munca, scoli, piscine sau sali de sport. Dulap rezistent la deteriorari Modelul KACPER II PRO este fabricat din tabla de otel de inalta calitate, cu o grosime de 0,6 mm. Structura metalica este acoperita cu vopsea in camp electrostatic, ceea ce ii sporeste rezistenta. Dulapul este astfel rezistent la deteriorari mecanice si coroziune si este usor de intretinut – un aspect important in spatiile unde igiena este esentiala. Dulapul alb isi mentine aspectul impecabil chiar si dupa ani de utilizare intensiva. Dulap functional cu inchidere cu cheie Desi are dimensiuni reduse, dulapul KACPER II PRO ofera o capacitate surprinzatoare. Este impartit in doua compartimente independente, fiecare cu incuietoare, oferind intimitate maxima pentru doi utilizatori. Interiorul

include un raft superior, un spatiu generos cu bara pentru umerase si carlige suplimentare – ideale pentru haine, incaltaminte si obiecte personale, mentinand totodata ordinea. Solutii ergonomice Un avantaj deosebit al dulapului KACPER II PRO este banca integrata in cadrul constructiei. Aceasta face schimbarea hainelor mult mai comoda. Banca este sustinuta de picioare din otel cu grosimea de 1,1 mm, oferind stabilitate si siguranta in utilizare. Combinatia dintre dulap si banca economiseste spatiu in camera. Copertina profilata contribuie la estetica dulapului si previne plasarea obiectelor deasupra, evitand riscul de accidente. De asemenea, este usor de curatat. Ventilatie eficienta Dulapul social KACPER II PRO cu banca este functional pana in cele mai mici detalii. Usile au fante de aerisire care asigura o buna circulatie a aerului si previn acumularea mirosurilor neplacute. Hainele raman proaspete chiar si dupa o zi intreaga. Suporturile pentru etichete din usi contribuie la o organizare eficienta a vestiarului.
