Caracteristici principale: Constructie solida din otel 5 polite reglabile Capacitate maxima per polita: 85 kg Cadru stabil Perforatii practice in cadru Culoare: gri Raft metalic SAM pentru garaj – depozitare profesionala O organizare eficienta a spatiului din garaj sau atelier este esentiala pentru un flux de lucru productiv. Toate uneltele si accesoriile trebuie sa aiba un loc dedicat – acest lucru nu doar mentine ordinea si estetica, ci si sporeste siguranta. Raftul metalic SAM este alegerea ideala pentru aceasta sarcina. Este incapator, usor de amplasat si se potriveste perfect in orice garaj, atelier sau depozit. Raft durabil pentru ani de utilizare Fabricat din otel rezistent, acoperit cu vopsea pulbere protectoare, raftul SAM este construit pentru durabilitate. Politele sunt realizate din otel cu grosimea de 0,8 mm, iar cadrul intarit are o grosime de 1,1 mm. Aceasta constructie il face rezistent la deteriorari mecanice si coroziune. Chiar si dupa ani de utilizare intensa in conditii dificile, raftul isi pastreaza aspectul si functionalitatea. Polite adaptabile nevoilor tale Raftul SAM are 5 polite care ofera spatiu generos pentru depozitare. Inaltimea politelor se poate ajusta la fiecare 38 mm, permitand organizarea usoara a obiectelor de diferite dimensiuni. Fiecare polita poate sustine pana la 85 kg, ideal chiar si pentru unelte grele. Cadru cu perforatii functionale Un raft de calitate trebuie sa aiba o structura stabila. Cadrul din otel cu grosimea de 1,1 mm ofera un sprijin solid si reduce riscul de rasturnare. Perforatiile de pe interiorul cadrului permit fixarea sigura a politelor. Asamblare simpla si rapida Raftul SAM se monteaza rapid si fara efort, fara a necesita suruburi. Suporturile politelor sunt prevazute cu nituri duble si se imbina prin presare cu cadrul. Pachetul include toate accesoriile necesare (picioare, capace si elemente de fixare). Instructiunile clare te vor ghida pas cu pas in procesul

de montaj.
