Principalele caracteristici: Construcie solida din otel intarit Usor de curatat 2 compartimente inchise cu cheie Rafturi incapatoare in partea centrala Placa perforata pe partea din spate Culoare antracit Raft pentru unelte suspendat BEN – ideal pentru garaj Un dulap de garaj trebuie sa fie functional, durabil si sa ocupe cat mai putin spatiu. Raftul de unelte suspendat BEN este perfect pentru garaj datorita dimensiunilor sale compacte si capacitatii mari. Posibilitatea de a suspenda dulapul pe perete economiseste spatiu si, in acelasi timp, poate adaposti uneltele necesare in orice garaj. Modelul BEN contribuie la o mai buna organizare a incaperii si face mai usoara mentinerea ordinii. Dulap metalic deosebit de rezistent Dulapul suspendat BEN este fabricat din otel rezistent de 0,8 mm grosime, vopsit cu vopsea pulbere, ceea ce confera o rezistenta ridicata la daune mecanice si coroziune. Chiar si expunerea prelungita la un mediu umed si rece nu poate deteriora suprafata dulapului. Dulapul poate fi, de asemenea, usor de curatat. Modelul BEN este, asadar, o investitie excelenta pe termen lung. Economisirea spatiului Dulapul de unelte BEN poate fi usor suspendat pe perete. Astfel, dulapul nu ocupa spatiu pretios in garaj. Puteti parca fara probleme masina sub el, sa puneti bicicleta sau alte obiecte. Acest lucru contribuie la mentinerea ordinii si creste siguranta, deoarece fiecare obiect are locul sau, iar copiii nu vor putea ajunge la dulap. Interior practic al dulapului In dulapul BEN s-a aplicat o impartire practica in 3 zone. Cele doua usi laterale sunt compartimente inchise cu cheie, iar in mijloc ramane un spatiu deschis cu rafturi. Acest lucru ofera mari posibilitati de organizare a locului si de aranjare practica a obiectelor necesare. Un mare avantaj este placa perforata pe spatele dulapului. Aceasta are gauri speciale care permit agatarea uneltelor utile. Astfel, le veti avea mereu la indemana. Continut sub cheie In dulapul de garaj se depoziteaza adesea unelte si

produse chimice care, in maini neadecvate, ar putea deveni periculoase. In special, copiii nu ar trebui niciodata sa intre in contact cu astfel de lucruri. Raftul suspendat pentru unelte BEN este dotat cu lacate solide, astfel incat nimeni neautorizat nu poate avea acces la continutul sau. Pentru ca dulapul de unelte sa fie suspendat corect si in siguranta, este necesar sa alegeti individual dibluri adecvate pentru materialul peretelui. De aceea, nu furnizam dibluri universale sau accesorii suplimentare pentru dulap.
