Caracteristicile suprastructurii modulare: Construcie metalica durabila Sistem de prindere ascuns pentru un plus de estetica Inchidere cu cheie Rezistenta si spatioasa Compatibila cu dulapul JAN Compact Culoare: alb Suprastructura modulara EWA Compact – mai mult spatiu de depozitare fara a ocupa podeaua EWA Compact este o suprastructura practica montata deasupra unui dulap, creata pentru persoanele care au nevoie de spatiu suplimentar de depozitare, dar nu isi permit sa ocupe mai mult spatiu pe podea. Constructia modulara se imbrina perfect cu dulapul JAN Compact, formand un ansamblu coerent si functional. Suprastructura metalica este ideala pentru spatii inguste sau mici, unde fiecare centimetru conteaza. Durabilitate si executie de precizie Suprastructura de culoare alba este realizata din otel laminat la rece cu grosimea de 0,6 mm, oferind greutate redusa si rezistenta ridicata. Acoperirea cu pulbere formeaza un strat durabil, rezistent la zgarieturi si coroziune. Aspectul modern este asigurat de indoirea CNC de inalta precizie, care elimina necesitatea sudurii. Modelul EWA Compact isi pastreaza aspectul si functionalitatea chiar si in cazul unei utilizari intense pe termen lung. Spatioasa si cu inchidere sigura Suprastructura metalica ofera mult spatiu pentru depozitarea obiectelor folosite mai rar, precum documente, bibliorafturi sau haine de lucru. Este o solutie ideala atunci cand este necesar un spatiu de depozitare suplimentar, dar sigur. Modelul EWA Compact este echipat cu o incuietoare solida cu cheie, care protejeaza continutul impotriva accesului persoanelor neautorizate si sporeste siguranta in incapere. Potrivire perfecta cu dulapul JAN Compact Suprastructura EWA Compact a fost conceputa pentru a fi pe deplin compatibila cu dulapul JAN Compact, formand impreuna o solutie functionala de depozitare fara a ocupa spatiu suplimentar pe podea. Datorita sistemului de montare „drop on” cu pini, imbinarea celor doua elemente este stabila si discreta, mentinand estetica incaperii.
