Descriere

Are you looking for a durable table that does not lose in aesthetics? Look no further, Smarious is here for you! A quality table that will fit perfectly in any part of your home or your outdoor space. Specifications: Made of excellent quality teak wood with high resistance to time and wear. It is offered in natural color. The product from this particular wood may crack or appear in the future. This is not considered a defect as it is created by the contraction and expansion of natural solid wood. Also, there may be color differences in different parts of the product, as the cracks are made uniform with pieces of the same wood. Product dimensions: Length: 250 cm. Width: 100 cm. Height: 78 cm. Material information: Teak wood: It is a type of wood that comes from the *Tectona grandis* tree. It is known for its high strength and resistance to corrosion and moisture. It has excellent weather resistance and moisture resistance, making it ideal for outdoor applications. In addition, it has naturally characteristic waters and colors that make it very attractive. Its color shade can vary from golden to brown with gray tones. Maintenance instructions: Teak wood: To clean teakwood, use a soft cloth lightly dampened with water and mild soap. Rinse well and dry with a clean cloth. Remarks: The product is delivered assembled in factory packaging. The color shade of the product may differ slightly from its photographic representation on your screen.
